Your Action-Packed Summer Starts Here!

We have an exciting summer planned for your camper! Our program is action-packed with activities and visitors! Our summer camp offers theme-based activities, group games, sports, hands-on-science projects, arts and crafts, music, and much more. We incorporate team building activities for all age groups. In addition, our facilities are air-conditioned so campers can experience fun activities while escaping the heat of hot summer days. Flexible scheduling allows parents to sign-up their camper for any number of weeks or for the whole summer!

Bridging the Gap

Our academic program is designed to "bridge the gap" between the end of the school year and the start of the next. We provide fun, engaging activities to prevent learning loss that can take place over the summer break. Our program provides various learning activities and practice materials in math and literacy to keep skills sharp. We encourage learning through small groups which allows for individualized instruction.

Sports

Weather permitting, campers will spend a lot of time outside. Our playgrounds include climbers, sandboxes, tether ball, a soccer field, and other climbing equipment to engage in healthy, active play. Experts recommend that children have at least one hour of physical activity each day. Through outdoor play, our campers will gain important skills, building confidence and abilities they can use as they grow.

Summer Clubs

Green Thumb Club

It's time to garden! Our Green Thumb Club will learn new skills, have fun, and play as they spend time in the garden tending plants and growing vegetable plants and flowers. Campers will enjoy being outdoors, digging in the soil, getting dirty, creating things and watching plants grow in our summer garden

Summer Cooking Club

Calling all chefs! Our Cooking Club will create delicious food experiments and teach how to cook favorite foods! Each week we'll do hands-on activities and cover cooking fundamentals!

Sensational Science Club

We will offer Campers an opportunity to learn about topics such as chemistry, weather, and space by participating in fun, hands-on activities, experiments, and crafts. The science program will be offered daily for one hour. This incredible class is included in our camp program.

Weekly Themes

1

Splash Into Summer June 21st - 25th

Get ready for an exciting kick-off to summer camp 2021! We will travel to imaginary beaches to build sandcastles, look for seashells, learn about waves, and have fun in the sun!

2

Red, White and Blue Forever! June 28th - July 2nd

Get your red, white, and blue out to help us celebrate and learn all about our great country! Patriotic songs, flags, and firework designs will help us celebrate America's birthday.

3

Wizards Workshop July 6th - 9th

Enter the amazing world of wizards and magic this summer! What looks like magic is really science, and you can do it, too! Campers will visit Harry Potter's world of potions and magic and watch a Magic Show!

4

Science Explorers July 12th - 16th

Grab your lab coat and get ready for some hands-on fun! Campers will discover that science is all around as they conduct experiments, mix concoctions, and create inventions.

5

Color Explosion July 19th - 23rd

Get your thinking caps on because curiosity, and imagination run this week! With sparks of creativity, campers will be designing projects using different art materials!

6

Sports Extravaganza July 26th - 30th

How many sports can we fit into a week? Let's find out as we wear ourselves out with as many games and matches we can cram into five days!

7

Outdoor Adventures August 1st - 6th

Campers will go on a nature adventure without even leaving ADLC! Through exploration, adventure, and creative play, campers will work together to gain knowledge of plants, mammals, tracking, and birds.

8

Cool Chemistry August 9th - 13th

Let's become junior scientists for the summer and embark on a series of science adventures! Have you ever seen a lemon volcano?

9

Zoo-mania! August 16th - 20th

Did you know that there are 6,800 reptile species on earth? Come join us on a journey to explore the life cycles and habitats of many different animals.

10

Holiday Hullabaloo August 23rd - 26th

Every day is a holiday this week, so let's celebrate! This silly holiday mash-up invites campers to do the Monster Mash in a Halloween parade and enjoy Christmas in July, and more! Happy Holidays!

HELLO SUMMER
