Re: Charge for Webcams - 2009-2010 School Year

Dear Parents:

It is with great excitement that we have been offering the parents of our students a webcam service. The system uses the latest generation of cameras, provides high resolution video, and offers excellent security features for the school. Many parents have expressed their approval of the system and we know that it is being accessed by many parents throughout the day.

Our webcam hosting company, ABCKam, has indicated that it has addressed all outstanding connectivity issues brought to its attention. Almost all parents are now able to access the system from their computers at home or work. If you would like access, but continue to have problems, please let us know and we will try to help.

Beginning in September 2009, fees for access will be \$25 per month per sign-on account for parents of full-time students, and \$15 per month per sign-on account for parents of part-time students.

If interested in purchasing access to the webcam system for the 2010-2011 school year, please complete the following form and return it to Peggy or Cathy. Please feel free to contact us with any questions.
