Sports

Weather permitting, campers will spend a lot of time outside. Our playgrounds include climbers, sandboxes, tether ball, a soccer field, and other climbing equipment to engage in healthy active play. Experts recommend that children have at least one hour of physical activity each day. Through outdoor play our campers will gain important coordination and skills, building confidence and abilities they can use as they grow.

Water Play

Water games are one of the best ways to keep kids excited, engaged, and cooled-off. They are also an excellent way to entertain campers while teaching them team-building skills. This summer we will offer our campers various water games such as wet sponge races, sprinkler fun, water tag, and more!

Growing Gardens

Campers will experience nature through hands-on activities. They will have an opportunity to care for our vegetable garden.
